Hi Ex. 6 Personal Privacy (PP)

The public notice is attached that lists the public hearing locations, times and dates. The web site contains several documents that are part of the administrative record for the two EPA UIC draft permits and a proposed aquifer exemption, as explained in the public notice.

Each public hearing will begin with an informal public outreach session where we will be presenting information about the proposed actions and answering questions before the public hearings.

I look forward to meeting you at a public hearing!

Thanks!

Valois
